Summer Technique

This year we have two levels of technique classes for students looking to improve their strength, technique, placement, and special skills. Classes are two hours long twice a week.

Appropriate dance attire is a must! Please, no baggy pants or shirts.

All classes will be held at our Peoria Studio!

Price: \$100.00

Classes Offered:

- **INTERMEDIATE TECHNIQUE** - This class is perfect for girls in the 5th-8th grade who are looking to improve their jazz and lyrical technique. We will especially focus on sticking those double pirouettes, extension for kicks and leaps, turning tricks, and strengthening core muscles. The class will involve progressions down the floor and a short, super jazzy routine using all the skills we practice.
- **ADVANCED TECHNIQUE** – This class is perfect for those dancers who have a strong double pirouette and are looking to take their abilities to the next level. The class will focus on different placement during pirouettes, fouetté turns, turning tricks, a variety of leaps, flexibility, and strength of movement. This class will also include progressions down the floor and a short routine using the new skills we've learned.

Schedule of Classes:

Come prepared to work hard and really challenge yourself. Don't be afraid to try new things that you may not do perfectly with the first attempt. Each class will involve skills that may be out of your comfort zone, but that's how we improve to become more skillful dancers!
